Submitted to His Highness.

4

Drafts for approval Nos 1, 2 & 3

I submit herewith, for His Highness' approval, drafts* of the letters which it is proposed to issue to the Registrar of the Madras University and the Registrars of the Universities of Calcutta, Bombay, Allahabad and the Punjab, respectively, regarding the recognition by those Universities of the degrees and courses of the Mysore University. The Second Member of Council (Mr.Banerji)* thinks that it would be better to wait for some time before applying for recognition as proposed. But it seems desirable to get an assurance from the sister Universities on this important point as early as practicable and in this view, the drafts may be kindly approved.

*Page 2 of office note.

2. I agree with Mr.Banerji that there is now no need to apply for the continuance of affiliation for the Madras University classes in the two State Colleges. But there is no harm in intimating to them the arrangements finally made in this respect. In this view, the third draft may also be kindly approved. The three drafts have been generally agreed to by the University Council.

3. Some slight changes have been made in the drafts as received from the Registrar and if approved, the letters will be returned for issue after making any verbal alterations that the University authorities may deem necessary.

Draft I.

Draft as appd by Senate 21/10/16.

I

To

The Registrar,

Madras University.

Sir,

I am directed by the Council of the Mysore University to forward herewith the Regulation and certain other papers connected with the inauguration of the University of Mysore for the information of the University of Madras. The scheme of examinations and degrees of the Mysore University is embodied in the Ordinances. According to existing arrangements, Mysore students have to proceed to Madras and other Universities for the prosecution of studies in the faculties of Law, Medicine and Engineering. In view of their long association with the Madras University, the new University desire to secure the fullest recognition for their examinations and degrees from the older University. It is the intention of the Government of His Highness the Maharaja of Mysore to introduce other branches of studies gradually.

* Regulation and Ordinances and report of the University Committee.

2. I am to request that the papers accompanying this letter may kindly be placed before the Syndicate of the Madras University for consideration so that steps may be taken to grant the same recognition to the examinations and degrees of this University as may be given under the rules to similar degrees and examinations of other Universities. In particular, the Council are anxious that

the Mysore B.A. and B.Sc. degrees and the examination at the end of the first University year (vide paragraphs 16 and 17 of the Ordinances) may be regarded as equivalent to the corresponding examinations of the Madras University for the purpose of admission to the Law, Medical and Engineering courses of that University. By way of explanation, I may state that the first year of the Mysore B.A. course corresponds to the Senior Intermediate course of Madras; and the examination at the end of that year will be equivalent to the Intermediate Examination.

3. The University of Mysore will feel grateful if this recognition is accorded early, as it will enable them to regulate their courses and examinations properly and also give an assurance to intending students that they are free to elect their present courses in this University without anxiety about their future.

4. I need hardly add that the Mysore University will gladly consent to accord such reciprocal treatment to the Madras University as may be desired by them.

I have, &c.,

Registrar.

Draft as approved by Senate
21/10/16

Draft II.

9

To

The Registrar of the University of
Calcutta
Bombay
Allahabad
the Punjab.

Sir,

Under the direction of the Council of the University of Mysore (established in July last), I have the honour to address you on the subject of the recognition of the degrees and examinations of the said University, for all purposes for which such recognition may be accorded by the University of ..... under the Acts and Regulations in force. A copy of the Regulation (Act) passed by the Government of His Highness the Maharaja of Mysore incorporating the University, together with copies of important papers, is sent herewith.

2. In the new University, provision has been made for the present for degrees only in Arts and Sciences; and for higher studies in Law, Medicine and Engineering, students from Mysore have, as hitherto, to proceed to outside Colleges and Universities. The educational arrangements in the State, as you may be aware, were hitherto under the jurisdiction of the University of Madras, and Madras degrees and examinations were being recognised by the University of ..... for various purposes. As may be judged from the papers enclosed, the new University has been built upon

10

what the two Mysore Colleges had already achieved under the older University, and the degrees and examinations have been so regulated as to keep up (even if they may not raise) the standard hitherto attained.

The University of Mysore will be grateful if the accompanying papers are placed before the governing body of the University of ..... and such recognition is granted to its degrees, diplomas and examinations as may be accorded under the Rules and as has hitherto been accorded to the corresponding degrees and distinctions of the University of Madras.

3. I may add that in the Mysore University, it is proposed to introduce other branches of studies and faculties gradually; and that, if desired, the Mysore University will be glad to grant full reciprocity under its rules to the graduates and students of the University of .....

I have, &c.,

Registrar.

Draft as appd by Syd

Draft III.

11

To

The Registrar of the University
of Madras.

Sir,

In continuation of the letter of the Inspector General of Education in Mysore No.22951/3889 dated 15th May 1916 and with reference to your reply No.3733 dated 23rd May 1916 to him, I am directed to state for the information of the Syndicate of the Madras University, that the arrangements finally made for carrying on the Madras University classes in the two Colleges of the State are as follows:-

In Mysore, the Senior Intermediate and the Senior B.A. and Honours (History) classes are maintained for this year. In the Central College, Bangalore, both the Junior and the Senior Intermediate classes have been organised; and the Senior B.A. class has ~~also~~ been continued. The Senior Intermediate class will also be continued next year. There are two students who have taken up the Honours course in Physics and are continuing their studies in that College.

In both places, the University Entrance class and the second year's B.A. class under the Mysore University have been opened to take the place of the Junior Intermediate and the Junior B.A. classes, respectively, of the Madras course.

I have, &c.,

-trar.

D. O. No. 4203

Bangalore
29th July 46

My dear Nanjundayya,

On the question of addressing the Madras and Bombay Universities for the recognition of our Examinations and Degrees, I hope you will, in consultation with the University Council, ~~kindly~~ favour Government with a draft letter as early as practicable.

You stated in your letter of the 6th July that we have to inform the Madras University ~~of the~~ how many classes under that University ~~which we~~ are retained ~~continuing~~ in our Colleges ~~and that we might~~ request that ~~University~~ body to continue the affiliation. I do not know if it is necessary that we should make this request in view of what the Registrar of the Madras University has already written to the Inspector General of Education. I enclose a copy of that letter for reference.

Yours sincerely,

29.7.46

Dewan.

13

GOVERNMENT OF MYSORE

M y s o r e,

Dated, 6th July 1916.

My dear Visvesvaraya,

With reference to your D.O. letter (4132) dated 1st July 1916, the communications to the Madras and other Universities therein referred to have to be on the following matters.

(1) To apprise the Madras University of the -- classes we are continuing: Honours and Senior Intermediate classes (2 years) and Senior B.A. class and Junior Intermediate class (Central College) for one year. As things stand at present we may request the Madras University to recognise this arrangement and continue affiliation to the Madras University.

(2) Both Madras and Bombay Universities may be requested to recognise our 1st year's --- Examination and the B.A. Examination.

For both these things, there is no hurry - since we have begun our classes and are doing the - work. I mean to lay these matters at one of the early meetings of Council after its constitution, and address the Universities concerned direct from this University. Do you see any objection to this course? If you want me to do so at once or if Government wishes to address them direct, it may be done.

Yours sincerely,

H. Manjunadayya

Sir M.Visvesvaraya, B.A.,K.C.I.E.,

HIGH GROUND,
BANGALORE.

5th July 1916.

My dear Nanjundayya,

I hope the preparation of the draft letters to the Madras and Bombay Universities is receiving attention. I am anxious that we should have the draft ready for issue as soon as the Bill is passed into law. ~~We must take time by the fore lock and I am anxious that matters should be pushed.~~

If it is not too much trouble, I should be obliged if you would kindly send me a statement showing the points you propose to urge in the letters to the two Universities. A previous understanding as to the lines on which the draft may be prepared will save much time for both of us.

I hope you will give me ideas regarding future developments when we next meet. Our schemes should be well in advance of the actual work in progress.

Yours sincerely,

Sd/- M. Visvesvaraya

16

My dear Nanjundayya,

I hope the preparation of the draft letters to the Madras and Bombay Universities is receiving ~~your~~ attention. I am anxious that we should have the draft ready for issue as soon as the Bill is passed into law. ~~The time is opportune and we should not delay.~~ We must take them by the forelock & I am anxious that matters should be pushed

If it is not too much trouble, I should be obliged if you will kindly ~~furnish~~ send me ~~with~~ a statement showing the points you propose to urge in the letters to the two Universities. A previous understanding as to the lines on which the draft may be prepared will save much time for both of us
